... HE TIMES

...NG of 1908 has shown more new fashions than we ever saw in our many years of experience. This is especially true in Ladies' Dress Goods, both in the fabrics and weaves, and in the styles and colorings; the latest are especially attractive. Our collection in this important department was never so complete or so up-to-date and our sales never so large as this Spring.

We make it a point to always secure the newest things, and as in all lines we buy exclusively direct from the manufacturers or importers, you are always safe to find the newest here, often a season before other stores can show it, and always at the lowest possible prices, for with us you need pay no middleman or jobber's profit; we have saved that for you.

A look through our **Carpet and Rug Rooms** will easily convince you that it is not the big department stores that show the choicest collections. Often you will find among their immense stocks quantities of old styles and trash they have bought at a reduction and on which they base their misleading advertisements. You appreciate that it requires great care and experience to select the latest, choicest and most reliable from among such a mixed and bewildering collection.

Read the middle lines in this directory and you will see many items of interest and advantage to you. If you will see and compare, you'll find we make good every word we say in our advertisements. All goods exchanged or "money bak" if anything is wrong. If you care to keep fully posted up-to-date, read our advertisements in the newspapers, not alone for the lowest prices, but for up-to-date goods and best values.
